Problems of UkrNCORA 2007:

Unfortunately UkrNCORA only received the ENCORA funds in the IV quarter 2007. So UkrNCORA was not able to fund the participation of young scientists in most of the YPEP events in 2007. As far as the events of the IV quarter are concerned, it was too little time left for getting Shengen visas by the members of the Ukrainian team.

UkrNCORA activities 2008
